PACKAGING

Mono carton boxes are a simple yet efficient packaging solution for various lightweight products. At Packtek Packaging, we offer high-quality mono carton boxes that are made from a single layer of sturdy cardboard, ensuring durability and ease of use. Our printed mono cartons are custom-designed to meet the client's specific requirements, making them a perfect packaging solution for bottles, cosmetics, liquor, and medications.

As a leading packaging manufacturer and supplier in India, we offer a wide range of packaging solutions, including gift boxes, corrugated boxes, and flexible packaging, among others. We take pride in providing top-quality packaging solutions to various industries, including pharmaceutical, food and beverage, personal care, and consumer products firms.

Our mono carton boxes are created and supplied by tailoring the packaging's sizes, shapes, and printing finish to meet each customer's specific needs. We employ a high-quality plastic-coated paper board that offers ultimate resistance against moisture when packaging food and drinks such as wine boxes, chocolate cartons, and confectionery items.
